ALL PRODUCTS ARE HANDMADE,  
THERE CAN BE 2-3CM VARIATION IN SIZING.

# Sizing

What is the size of the furniture?

Measurements vary between each Room design and are documented as per the previous pages. We can clarify any questions via email or during your in store consultation.

Measurements can be altered for custom sizing on some products, however be aware that this can impact the final price.

# Fabric Choices

What fabrics can I choose from?

You can see the choice of fabrics for our Rooms on the next few pages. This showcases our most popular, on trend colours from hardwearing yet luxe touch Velvets, Cottons, Linens, Chenilles and Regenerated Leathers.

All our materials are washable, scrubbable and durable for protection against the thrills and spills of daily life.

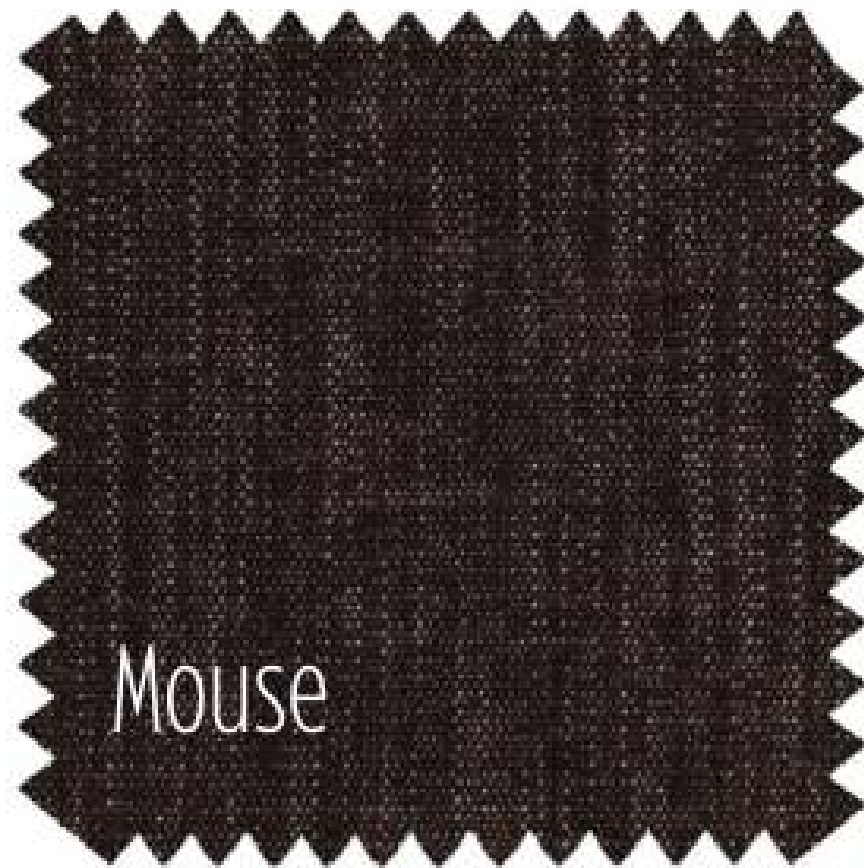

If you choose to upgrade your Rooms selection, you will have access to many more colours within these material choices – as well as choices when it comes to metal work, wood stains and more.

# Cherville

Lovely and soft yet  
durable with a visible weave  
that gives a cosy feel.

# Cotton

Easy clean, hard  
wearing cotton. Soft touch  
with a slight visible weave.

# Linen

A natural feeling in muted tones for an organic vibe. Delicate effect but an easy clean, resilient fabric.

# Leather

Our regenerated leathers are crafted from the waste of leather production for a more sustainable choice.

# Velvet

Stain and mark resistant velvets are perfect for a liveable look with a touch of glamour.

# Bondé

This bobble textured material gives interest and style to a space whilst maintaining a neutral, organic tone.

# Woods & Metals

What colour woods & metals are available?

Our designers can help you pull together textures and shades that will work well together with your space and taste to create a mood and environment that you'll love. If your scheme includes wood plinths or similar, there are 3 stains to choose from and for metal either black or bronze.

If you choose to upgrade your Room, you will have access to many more colours of fabrics, wood stains and metals too!

*Black, Copper, Bronze*

*Black, Espresso, Sand*

# Rugs

What are the rug options?

Choose a rug to finish your living space from our selection of Spanish, made to order styles.

From plush, deep pile to a natural fibre look weave or chunky cable knit. Versatile, hand-wearing rugs give a cosy feel and will help zone your space, bringing your look together.

*Witiza*

*Walia*

*Agila*

*Sueter*

*Cardigan*

*Chaqueta*

*La Montanera*

*El Bombero*

*La Jareta*

# Fillings

What is the filling like?

All our sofas have hollowfibre wrapped foam filling for seat cushions and hollowfibre for back cushions. This is super comfy whilst being easy to maintain with a slight bounce that keeps plump. Suitably snuggly but avoids looking flat or sagging after time.

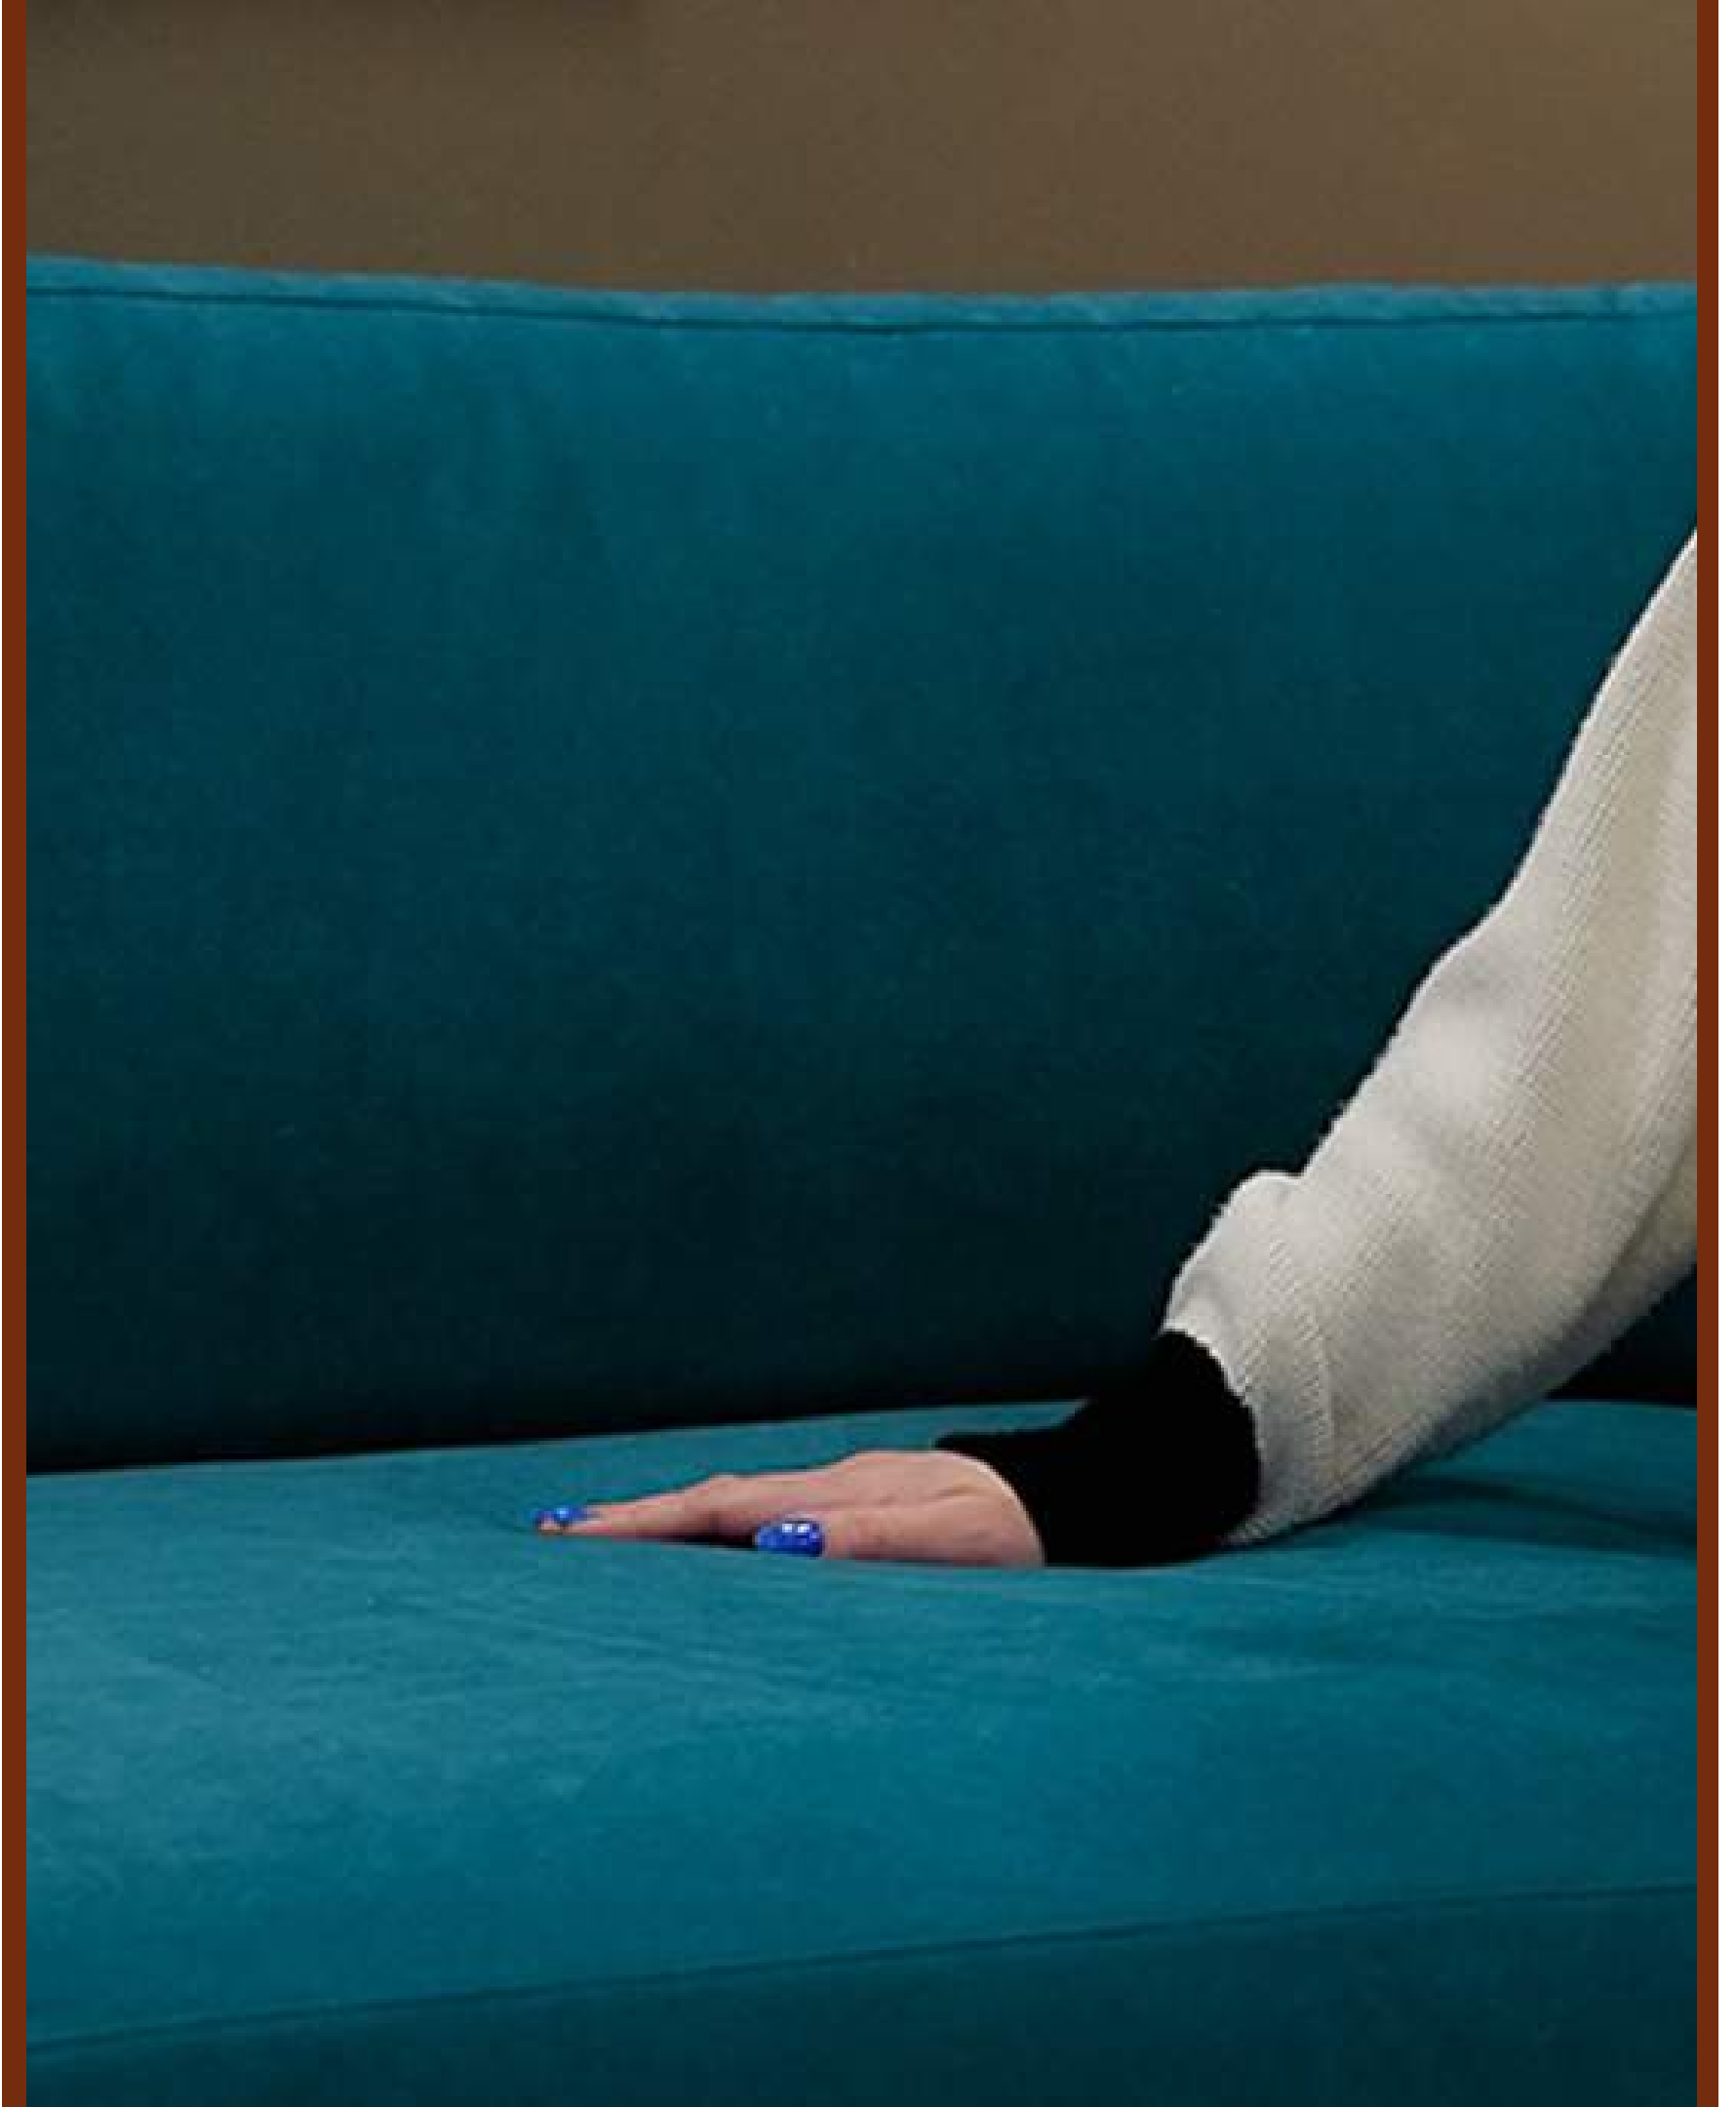

Fixed upholstery (i.e pouffes and headboards) are foam and hollow fibre, with any of our well-fed scatter cushions filled with hollow fibre .

How to care for your sofa.

Help your upholstery keep in shape by picking up loose cushions from the corner and giving them a firm bash on each side.

Now whack the centre of top and bottom to allow air to flow and for insides to have a good jiggle. This will keep cushions plump and at optimum comfort levels for longest.

All our materials can be cleaned with a damp cloth. For serious marks and stains speak to a professional cleaner or get in touch for advice.

# Delivery

When & how will my order be delivered?

Lead times are 10 – 12 weeks from ordering.

Delivery to your home is free! Our team will unwrap, build and install any necessary pieces from your order in your home. All packaging is taken away leaving you with your Room ready to enjoy. (unless otherwise requested!)

Deliveries are usually made on a Wednesday and we will contact you a week before delivery to confirm final arrangements.

If your order arrives and you are not ready to take delivery we can store your order for one week free of charge, further storage incurs a £75 a week charge.

Unfortunately we are unable to take away any existing pieces of furniture as part of this service so make sure you have cleared any necessary space for your delivery ahead of time.

Accessibility is the responsibility of the customer. So please check sizing to ensure pieces will fit up stairways or through doorways etc.

# Finance & Payment

What are the payment options?

We take all major cards for payment in store or over the phone, or you can pay via bank transfer.

We require 50% of the total invoice at time of ordering and the remaining 50% a week before delivery. This is when your goods leave our factory.

We also offer finance through our partners Cherry Godfrey. **For Rooms orders we can offer 12 Months Interest Free Credit.**

Application for finance is quick and easy and can be done together with your designer in store or in your own time at home. From approval, it takes 3 -5 working days for the transaction to complete and funds to come through to us. Your full order is placed once funds are received.

If you are interested in finance options over a longer period than 12 months or for orders outside of the Rooms scope, this would be subject to current interest rates. You can find out more about this, including estimates of monthly costs, on our [TLCHome.co](https://www.tlchome.co) Finance page, along with terms and conditions.
